CERTIFICATES

Certified Kubernetes Administrator
 AZ-900

EDUCATION

Czech Technical University Prague
 Faculty of Mechanical Engineering
 Software Engineering and Automation

PERSONAL STATEMENT

I am IT Professional with over 15 years of experience with large-scale projects in telcos and financial institutions.
 Main focus is on programming languages, machine learning and artificial intelligence.

I do have a deep knowledge of Java and related ecosystem. Working knowledge of Java since version 1.3.

I am constantly expanding my portfolio of programming languages to Golang, Python and Scala. I believe the different programming paradigms are improving my performance in IT.

I have an intermediate knowledge of SQL and relational database systems, mainly Oracle Database and PostgreSQL. In the area of non-sql systems I have an experience with Couchbase.

WORK HISTORY

● 2022

Staff Engineer

Sentinelone

Working on set of API's related to rule management.

Main Responsibilities
